

## **Dogness Receives Large Follow-on Order from Petco Expands Availability of Dogness 6L Programmable Automatic Dog/Cat Feeders Across Petco's 1,600 Retail Stores**

PLANO, Texas, May 27, 2021 /PRNewswire/ -- Dogness (International) Corporation ("Dogness" or the "Company") (NASDAQ: DOGZ), a developer and manufacturer of a comprehensive line of Dogness-branded, OEM and private label pet products, today announced it received a large follow-on order from Petco, expanding availability of the Company's 6L programmable automatic dog/cat feeders across Petco's 1,600 retail stores. The highly rated, large capacity, automatic food dispenser features a customizable feeding schedule, portion control, voice recordings and a patented anti-jamming mechanism.

Dogness announced the planned expansion of sales activities at Petco on November 24, 2020. This latest order follows the announcement in January 2021 of Petco's orders for more than 4,000 units of the Dogness' 2L programmable automatic dog and cat feeders.

Silong Chen, Chairman and Chief Executive Officer of Dogness, commented, "We are proud to be further expanding with Petco, one of the industry's top retailers. This large follow-on order underscores the high demand we are enjoying as more and more pet owners give their loved ones the best environment and healthy dietary options. Our focus on pet health and wellness and commitment to R&D position Dogness as a leader in smart pet-tech products, which we are finding to be the product of choice based on customer demand."

Mr. Chen added, "By leveraging advanced technology, we are able to provide increased benefits to pets, while giving owners greater comfort knowing their pets are not only eating and drinking but eating and drinking the right amounts at the right time, and giving them the ability to check-in by camera when remote. We believe these features will become basic requirements as people return to normal schedules and need the convenience and security of portioning their pets' food and drink when they are away."
